

## List of Tables

1. U.S. health care system type . . . . .	2
2. Run by government if amount controls . . . . .	4
3. Government-run if government controls 25% . . . . .	5
4. Government-run if government controls 50% . . . . .	6
5. Government-run if government controls 75% . . . . .	7
6. Government-run if government controls all . . . . .	8
7. Country where government controls a larger share of spending . . . . .	9
8. Average employer payment for employees with self-only coverage . . . . .	10
9. Average employer payment for employees with family coverage . . . . .	12
10. Where do employers get the money . . . . .	14
11. How much do employers in the aggregate pay . . . . .	15
12. Favor/oppose removing tax on money given directly as cash . . . . .	16
13. Favor/oppose removing tax on workers whose employers do not offer health insurance . . . . .	17
14. Heard of HSAs . . . . .	18
15. Participate in HSA . . . . .	19
16. Favorable/unfavorable opinion of HSAs . . . . .	20
17. Favor/oppose allowing workers to put money spent in a tax-free HSA . . . . .	21
18. Reasons – <u>Because workers have a right control their money</u> . . . . .	22
19. Reasons – <u>Because workers deserve to control their money</u> . . . . .	24
20. Reasons – <u>Because it is unfair that employers get to control their workers' money</u> . . . . .	26
21. Reasons – <u>Because employers are controlling \$16,000 of workers' money</u> . . . . .	28
22. Reasons – <u>Because it's unfair employers are controlling \$16,000 of workers' money</u> . . . . .	30
23. Reasons – <u>Because workers have a right to choose their health insurance plan</u> . . . . .	32
24. Reasons – <u>Because workers can choose the health insurance plan they want</u> . . . . .	34
25. Reasons – <u>Because workers have a right to fire their health insurance company</u> . . . . .	36
26. Reasons – <u>Because workers should be able to fire their health insurance company</u> . . . . .	38
27. Reasons – <u>Because workers have a right to choose how much of their money to spend on their health plan</u> . . . . .	40
28. Reasons – <u>Because workers can choose how much of their money to spend on their health plan</u> . . . . .	42
29. Reasons – <u>Workers deserve a \$6,000 to \$16,000 increase in wages</u> . . . . .	44
30. Reasons – <u>Workers could get a \$6,000 to \$16,000 increase in wages</u> . . . . .	46
31. Reasons – <u>Because workers will demand lower prices from insurers</u> . . . . .	48
32. Reasons – <u>Because it will make health insurance companies better serve consumers</u> . . . . .	50
33. Reasons – <u>Because workers are better able to choose their health plan than their employers</u> . . . . .	52
34. Reasons – <u>Because people know their health care needs better than their employer or the government</u> . . . . .	54
35. Reasons – <u>Because it is unfair to push workers into a health plan they don't like</u> . . . . .	56
36. Reasons – <u>Because it's unfair to only give tax breaks for buying health insurance to people who get insurance through their employers</u> . . . . .	58

37. Reasons – <a href="#">Because workers will demand lower prices when they control that money than they do when employers control it</a>	60
38. Reasons – <a href="#">Because giving workers that money would force health insurance companies to respond to the needs of consumers rather than employers</a>	62
39. Reasons – <a href="#">Because workers would be free to buy plans that would not disappear whenever a big change happens in their life (job loss, a pandemic, etc)</a>	64
40. Reasons – <a href="#">Because when employers control that money it causes health care prices and insurance premiums to rise</a>	66
41. Reasons – <a href="#">Because workers need to see the full cost of their health insurance</a>	68
42. Reasons – <a href="#">Because it will improve access to higher quality health care</a>	70
43. Reasons – <a href="#">Because currently law disproportionately penalizes Blacks and Hispanics, who less often have employer-sponsored insurance</a>	72
44. Reasons – <a href="#">Because currently law disproportionately penalizes low-income workers, who less often have employer-sponsored insurance</a>	74
45. Smoking history	76
46. Immigration background	77
47. Marital Status	78
48. Children under the age of 18	79
49. Employment Status	80

**1. U.S. health care system type**

From what you've read and heard, does the United States have a health care system run by the government, a free-market health care system, or a mix of both?

	Total	Gender		Age				Race				Education	
		Male	Female	18-29	30-44	45-64	65+	White	Black	Hispanic	Other	No Degree	College Grad
The U.S. has a government-run health care system	13.3%	11.6%	14.9%	19.7%	16.2%	10.4%	8.0%	10.8%	19.7%	18.4%	12.9%	16.2%	6.8%

**12. Favor/oppose removing tax on money given directly as cash**

As you may know, Congress does not make workers pay taxes on the money employers spend to provide them health benefits, but it does make workers pay taxes on that money if employers give that money directly to workers as cash. Would you favor or oppose removing that tax?

**15. Participate in HSA**

A health savings account is a personal savings account that can be used to pay for health care expenses on a pre-tax basis. These accounts can be taken with you from job to job and rolled over into the following year. This is not the same thing as a Flexible Spending Account or a Health Reimbursement Arrangement. Do you participate in a Health Savings Account through your/your spouse's employer, or not?

**17. Favor/oppose allowing workers to put money spent in a tax-free HSA**

Employers who provide health insurance for their employees pay about \$6,000 per individual and \$16,000 per family for health insurance premiums per year. A proposal has been made to let workers control that money without penalty by allowing workers to put it in a tax-free health savings account to purchase health insurance and medical care. Do you favor or oppose this proposal?

**18. Reasons – Because workers have a right control their money**

Here are some reasons people give why Congress should change the law so that employers can give that \$6,000 or \$16,000 directly to workers without penalty and allow them to put it in a tax-free health savings account to purchase health insurance and medical care. Do these statements make you more or less favorable toward the proposal?

**21. Reasons – Because employers are controlling \$16,000 of workers’ money**

Here are some reasons people give why Congress should change the law so that employers can give that \$6,000 or \$16,000 directly to workers without penalty and allow them to put it in a tax-free health savings account to purchase health insurance and medical care. Do these statements make you more or less favorable toward the proposal?

**24. Reasons – Because workers can choose the health insurance plan they want**

Here are some reasons people give why Congress should change the law so that employers can give that \$6,000 or \$16,000 directly to workers without penalty and allow them to put it in a tax-free health savings account to purchase health insurance and medical care. Do these statements make you more or less favorable toward the proposal?

**27. Reasons – Because workers have a right to choose how much of their money to spend on their health plan**

Here are some reasons people give why Congress should change the law so that employers can give that \$6,000 or \$16,000 directly to workers without penalty and allow them to put it in a tax-free health savings account to purchase health insurance and medical care. Do these statements make you more or less favorable toward the proposal?

**30. Reasons – Workers could get a \$6,000 to \$16,000 increase in wages**

Here are some reasons people give why Congress should change the law so that employers can give that \$6,000 or \$16,000 directly to workers without penalty and allow them to put it in a tax-free health savings account to purchase health insurance and medical care. Do these statements make you more or less favorable toward the proposal?

**33. Reasons – Because workers are better able to choose their health plan than their employers**

Here are some reasons people give why Congress should change the law so that employers can give that \$6,000 or \$16,000 directly to workers without penalty and allow them to put it in a tax-free health savings account to purchase health insurance and medical care. Do these statements make you more or less favorable toward the proposal?

**36. Reasons – Because it’s unfair to only give tax breaks for buying health insurance to people who get insurance through their employers**

Here are some reasons people give why Congress should change the law so that employers can give that \$6,000 or \$16,000 directly to workers without penalty and allow them to put it in a tax-free health savings account to purchase health insurance and medical care. Do these statements make you more or less favorable toward the proposal?

**39. Reasons – Because workers would be free to buy plans that would not disappear whenever a big change happens in their life (job loss, a pandemic, etc)**

Here are some reasons people give why Congress should change the law so that employers can give that \$6,000 or \$16,000 directly to workers without penalty and allow them to put it in a tax-free health savings account to purchase health insurance and medical care. Do these statements make you more or less favorable toward the proposal?

**42. Reasons – Because it will improve access to higher quality health care**

Here are some reasons people give why Congress should change the law so that employers can give that \$6,000 or \$16,000 directly to workers without penalty and allow them to put it in a tax-free health savings account to purchase health insurance and medical care. Do these statements make you more or less favorable toward the proposal?
