381st Judicial District Court

AFFIDAVIT FOR SEARCH WARRANT
{Article 18.02(10), Texas Code of Criminal Procedure}

BEFORE ME, THE UNDERSIGNED AUTHORITY, PERSONALLY APPEARED THE AFFIANT HEREIN, A PEACE OFFICER UNDER THE LAWS OF TEXAS, WHO, BEING DULY SWORN, ON OATH MADE THE FOLLOWING STATEMENTS:

My name is **Bryan S. Rodriguez** and I am commissioned as a peace officer by **Texas Department of Public Safety, Texas Ranger Division**.

1. There is in **Starr County, Texas**, a suspected place and premises described and located as follows:

Listed as **Midway South Area (26.35641, -98.89290/Property ID:15231)** Said suspected place is a riparian brush typical of the river corridor. Vegetation includes thick clusters of mesquite, cane, salt cedar, and native grasses, creating limited visibility from adjacent roadways and open areas. The terrain is generally flat with uneven ground in some sections due to natural erosion and seasonal runoff. A narrow footpath/game trail runs through portions of the brush but is not an established or maintained roadway. The area is approximately 27.72 acres and access to the area is gated and privately owned, with the main point of entry located at gate. The site is secluded, largely obscured from public view by vegetation and the natural bend of the river.

2. Said suspected place is in the charge of and controlled by each of the following named and/or described individual, to wit:

Property Owner: Lagrange Boone
Suspected Party: UNF, UNL

3. It is the belief of affiant that said location contains evidence of the offense of Assault on a Public Servant PC 22.01 (B) (1)

- Blood in the form of spatter, splatter, droplets, smears, and pools and other residue constituting evidence of bleeding injuries or other violent trauma, including if necessary for collection and seizure, the substance or surface on which said blood evidence is found.
- Bludgeons, clubs, club-like instruments, and blunt-like instruments or devices capable of use as a weapon for infliction of bleeding injuries, blunt force trauma or other violent trauma.
- Knives and/or other sharp force instruments or devices capable of use as a weapon for infliction of bleeding injuries and other violent trauma.
- Guns, ammunition, cartridge cases, bullets, gunshot residue and any other shooting type weapon capable of infliction of bleeding injuries and other violent trauma.
- Cellular electronic devices that may contain conversations between suspected party and victim
- Clothing and accessories believed worn by decedents and involved parties.
- Any instrumentalities found to be in plain view which tend to show an offense was committed, that the suspected party committed the offense, or are related to the crime.

Said property constitutes evidence that the offense of **Assault on a Public Servant PC 22.01 (B) (1)** against the laws of this State was committed and that said suspected party committed the offense described.

4. Affiant has probable cause for said belief by reason of the following facts and circumstances:

Affiant, Bryan S. Rodriguez, is employed as a Texas Ranger with the Texas Department of Public Safety and have been employed as a peace officer for the past seven years. I have been issued the Advanced Peace Officer license, the Texas Commission on Law Enforcement (TCOLE).

Probable Cause – On 12/11/2025 at approximately 4:20 PM, I, Texas Ranger, Bryan S. Rodriguez was contacted by Texas Department of Public Safety Communications regarding an Officer Involved Shooting that took place south on Midway Road in Rio Grande City, Starr County. Upon arrival, I observed a secured scene where the events took place. I observed blood, cartridge casing, medical equipment, electronic devices (cellular phones) that were scattered throughout the immediate area where the incident occurred. A Border Patrol Supervisory Agent on scene advised me that a Border Patrol Agent assigned to the area was attempting to apprehend several undocumented individuals that were entering the country illegally through a private ranch with thick vegetation, unlevelled terrain, and limited visibility. While the Border Patrol Agent attempted to take an unknown number of unidentified individuals into custody, a

physical struggle ensued that subsequently lead the Border Patrol Agent to discharge his duty weapon and strike the subject an unknown number of times. Medical attention was provided to the unidentified suspect who was then transported to the Starr County Memorial Hospital where he was subsequently pronounced deceased. The deceased did not have identification in his possession and has not been identified as this time.
