

# CONSTITUTIONAL CONVERSATIONS

## AN INITIATIVE FOR CONSTITUTIONAL EDUCATION AND CIVIL DIALOGUE

[constitutioncenter.org/learn/constitutional-exchanges](http://constitutioncenter.org/learn/constitutional-exchanges)

Constitution Conversations inspire students to explore fundamental questions about the U.S. Constitution. With scholarship from leading constitutional experts and classroom-ready resources, students build their knowledge of the history of, and current debates about, major constitutional provisions. Online, synchronous Classroom Exchanges empower students to apply their learning and deepen their understandings through civil dialogue with other classrooms across the country.

### Components of Constitutional Conversations

- Big constitutional questions that frame learning
- Videos and classroom-tested lesson plans
- Scholarly analysis of constitutional provisions from the Interactive Constitution
- Primary sources, resources on Supreme Court cases, and other supporting materials
- Online, synchronous Exchanges with other classrooms
